PROFILE

I am a Game Design student currently attending Brock University/Niagara College with a specialization in User Experience Design.

In the same way that User Experience Designers act as the bridge between the developer and the player/user, I would like to be the bridge that connects the consumer to the brand, applying my customer centric mindset to the services I provide.

EXPERIENCE

SALES ASSOCIATE

SKECHERS RETAIL | NOV 2019 - PRESENT

- Engage with customers and deliver exceptional customer service
- Use extensive product knowledge to recommend footwear and accessories that meet customer needs
- Maintain visual appearance of the store by managing store displays and merchandise layouts
